NOTICE TO MRLM COMPOST FACILITY USERS

UNDER the OHIO EPA Administrative Code #3745-560 All registered Compost facilities are subject to strict guidelines and procedures that must be observed in order to maintain and operate legally in the state of Ohio. All authorized yard waste tips must be registered, filed, and recorded for proper composting procedures to apply. Any violators not reporting to the MRLM office prior to dumping are in violation of the Ohio law and subject to possible penalty. In addition, violators who continue to dump illegally could be banned from future use of MRLM facilities.

MRLM will now charge a minimal tip fee for all yard waste and grass dumped. The fees will be used to assist us in the process of cleaning and separating all the unauthorized debris that is being illegally dumped at our green facility. Plastic, trash, glass, metal, treated wood, pallets, and garbage are not acceptable nor authorized under EPA regulations and therefore must be removed prior to dumping. We appreciate your assistance in helping us keep our Green Facility clean and free from unwanted debris.
